COSMETIC BRUSH

COSMETIC BRUSH FUNCTION

HIGHLIGHT FAN

Designed to create soft color over the cheeks or apply a touch of loose powder to cover shine. Soft, absorbent and can be used with wet or dry products.

POWDER

Soft, Full and Rounded. The bristles pick up the perfect amount of colour and distribute flawlessly onto the skin. Ideal for application of both compact powder and bronzer.

ANGLED CONTOUR

This contour brush mimics the angles of your cheekbones. This is ideal for highlighting and shading with bronzer or illuminating powder.

SLANTED FOUNDATION

The soft tapering of the slanted shape mimics the shape of your fingers to contour and blend around the angles of the face. Creates a seamless looking finish for foundation, concealer, and any other cream, liquid, or powder products.

ANGLED STIPPLING

An angled edge—perfect for stippling under the eyes and around the hair line. The angled bristles add versatility as it can also be used to apply blush and/or a soft contour line under the cheekbones.

FOUNDATION

Designed to achieve a smooth and flawless finish, the bristles are tightly packed with a tapered tip for fluid application. Ideal for application of liquid foundation.

FAN BRUSH

Avoids heavy coverage which can highlight fine lines and imperfections. Remove excess powder on the face, particularly after eye shadow application.

COSMETIC BRUSH FUNCTION

CONCEALER

A soft bristled brush with a wider base and a pointed tip. Ideal for the application of concealer, to camouflage problem areas such as areas of discoloration.

LARGE EYE SHADOW

Large, flat, short and brimming with bristles for excellent coverage. Ideal for application of powder eye shadow.

EYE CONTOUR

Soft, Tiny and Accurate. Designed for sharp contouring, as well as around the nose, hairline and jawline. It can also be used to apply blush to the apples of your cheeks.

FINE POINT CONCEALER

Designed for precision application and blending of any type of concealer product to make blemishes spots disappear.

SMUDGE

Short curved brush is the perfect shape to expertly smooth in colour along the lash line for a smoky look. Perfect for enhancing definition around the eye.

EYE BLENDING

Designed to blend eye colours and to highlight the brow bone. Ideal for application of powder eye shadow.

FLAT SHADDER

Features soft and angled beveled edges great for applying shadow or highlighters to the bridge of the nose.

EYE SHADOW

The soft bristles have a beveled edge for a smooth application without 'dragging' the eyelid. Ideal for application of creamy eye shadow.

SLANTED EYE LINER

A flat angled brush for applying a liquid eyeliner or a slightly moistened eye shadow. Ideal for a doe-eyed makeup effect, use this versatile brush for creating any desired line thickness simply by adjusting the pressure applied to the brush.

SLANTED EYEBROW

Designed for shaping and filling in brows for a perfect arch. Use the wand end to brush hair into shape. Following the natural arch, fill in any sparse areas of the brow with the angled brush.

LIP

The tapered-tip bristle is designed for easy controlled application to apply lip colour, fill in fine lines, or line the outer rims of your lips for extra definition.

PRECISION EYE LINER

Designed to apply eyeliner perfect colour application. Ideal for application of powder eyeliner.

POINTED EYE LINER

The extra fine tip of this brush delivers precise eyeliner application. Designed to apply eyeliner perfect colour application. Ideal for application of gel eyeliner.

EYELASH

A spiral brush to separate the eyelashes or eyebrows. Designed to style eyebrows and correct their shape. It can also be used to spread mascara along the length of the lash, and wrap lashes for a dramatic touch.

EYEBROW & LASH

Use the brush side to tidy eyebrows in an upward motion. After mascara application, use the comb side to glide through eyelashes to separate and remove clumps.

INTRODUCTION MAKEUP BRUSH

Bamboo Charcoal Slender Fibre Hair

Natural and precious green material, anti-mite, moth-proof, eco-friendly, good performance of absorbability and distinction, soft and smooth.

Sand Badger Hair

High grade natural hair. The best raw material of small-sized and fan-shaped powder brush with soft and sharp brush tip.

Capra Hircus Hair

It's the most widespread in make-up brush in high, middle and low grade originated from the hair, which is naturally well-arranged and is the best choice for big brush.

High Grade Nylon Hair

Soft and flexible, cozy touch, good powder absorbability and distinction.

Yellow Weasel Hair

High class hair costing 4-5 times more expensive than Chinchilla hair, and is usually used to make eye brush.

Chinchilla Hair

High grade hair. One of the most soft hair with good flexibility. Raw material of eye brush.

Horse hair

Softer and more smooth than Capra Hircus and is the first choice of eye brush. Alternative natural colors are pure brown, dark brown and black. Black is rare.

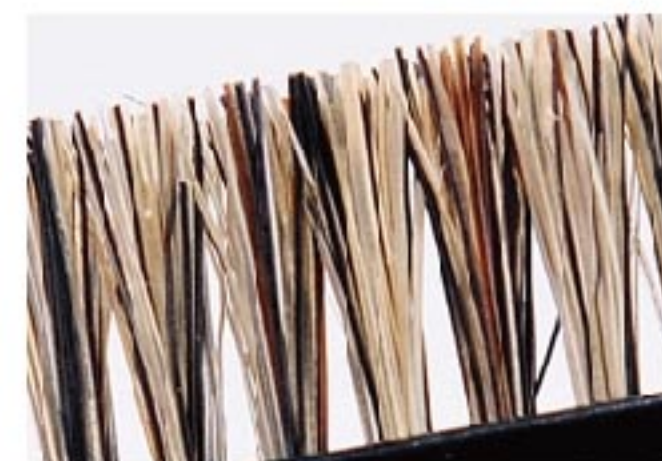

Anti Allergic Fibre Hair

It's the high class hair among fibre hair, with advantage of easy coloring for both cream and powder. The quality is classified with ripple-shaped hair (for big brush of loose powder and blusher) and straight shape hair (for foundation brush and eye brush with good gathering performance) with white light and soft peak, black in bottom.

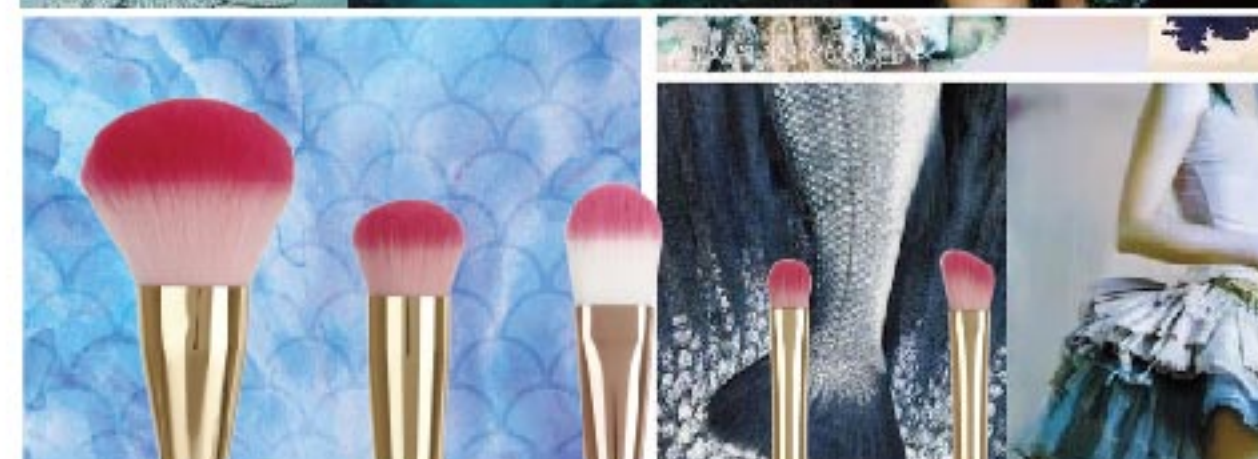

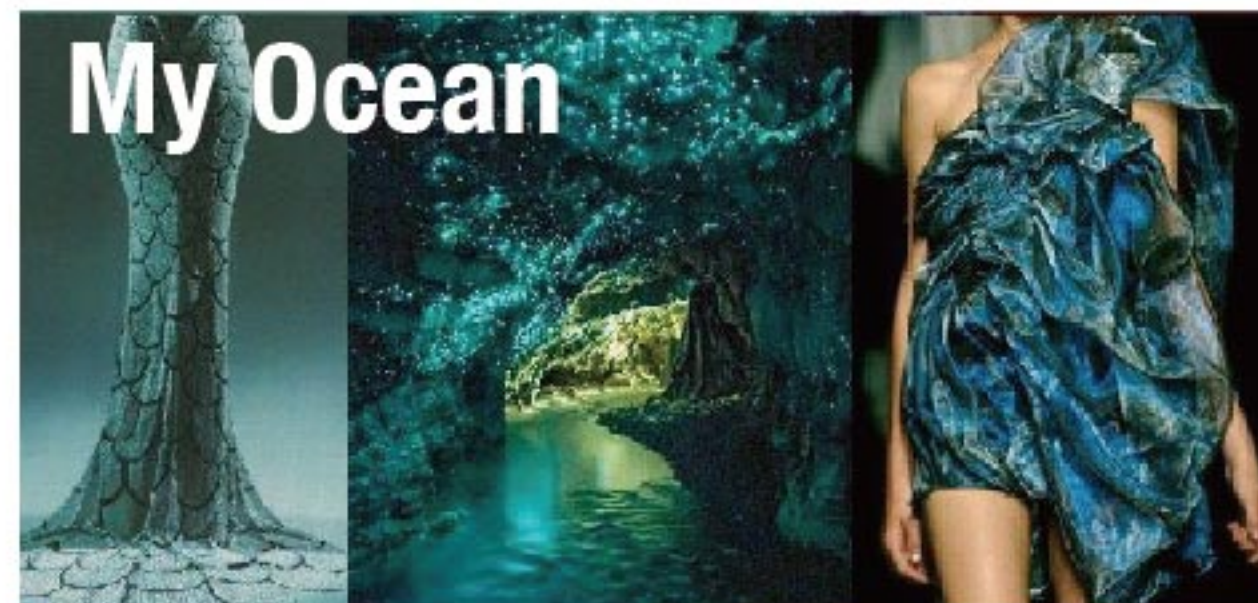

Prosomillet Hair

With black and yellow color and natural luster, it touches softly and smoothly and is used to be as inline-headed brush for powdering and shaping the eyebrow.

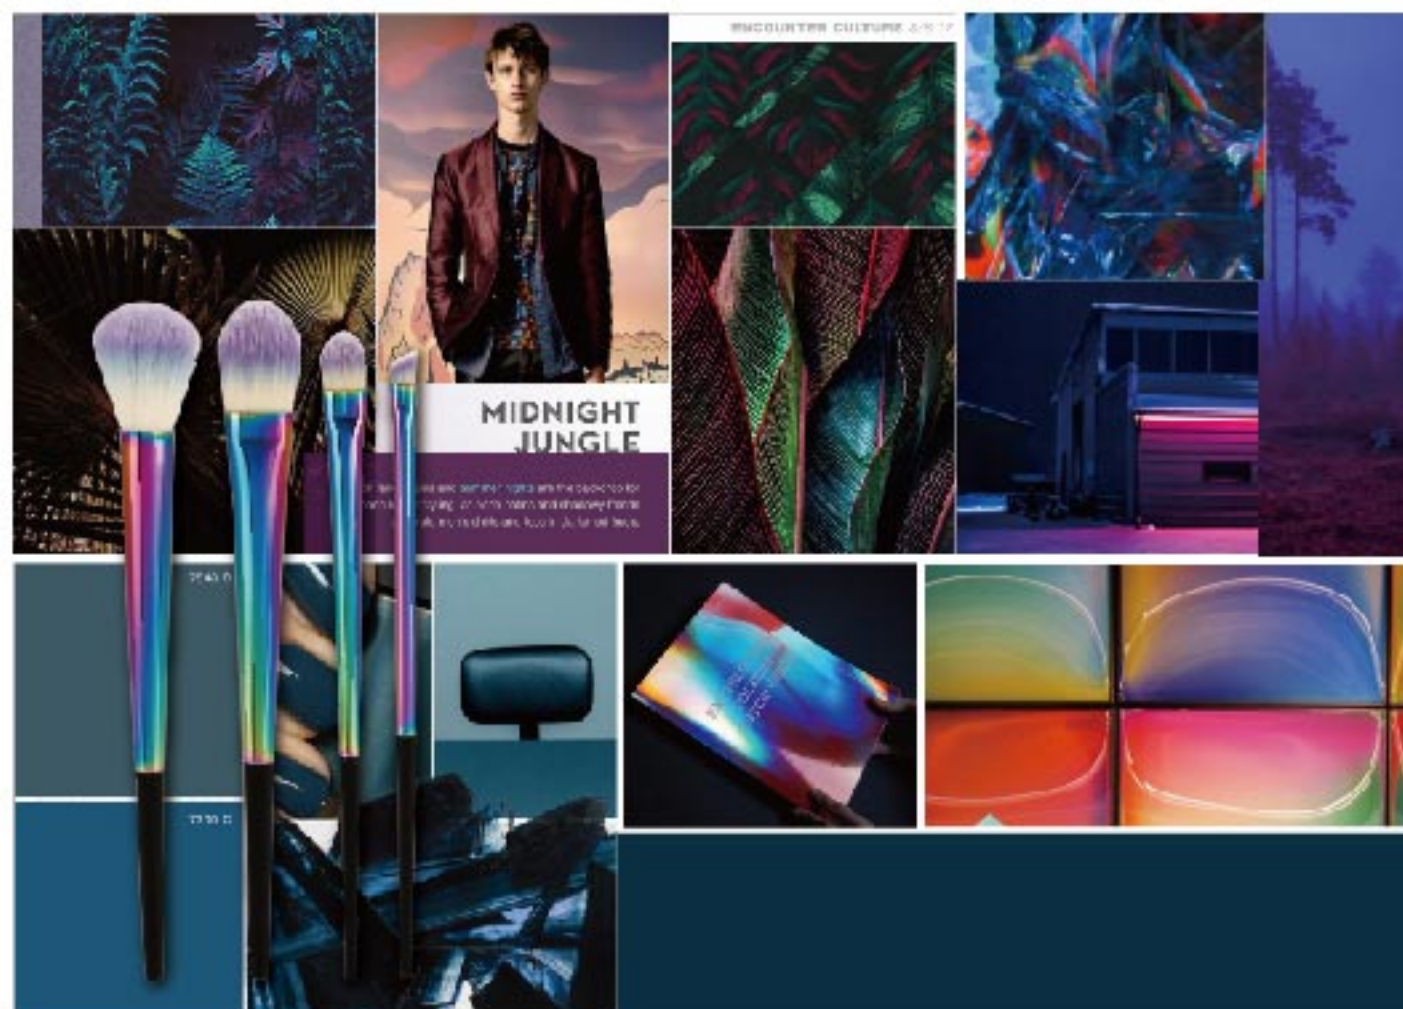

Bristle Hair

Strong and flexible, shape keeping, moisture and temperature resistance.
